Hays - City directory 1938

Hays is the educational and medical center of Western Kansas. Located here are two colleges, Fort Hays Kansas States College and St. Joseph's College and Military Academy. There are modern and efficient public and parochial school systems here as well. . . . Here, too, is the Fort Hays Experiment Station where experiments are carried on from which recommended agricultural practices for this area result. . . . Hays has two hospitals, St. Anthony's Hospital and the Hays Protestant Hospital, which care for the needs of the sick,—not only here, but from a wide territory in Western Kansas. . . . Indeed
